

SOUTHWEST ENERGY SOLAR

is a made-to-order, 16 gauge steel cover for base-plates and anchor bolts utilized with our heavy gauge carport systems only

Description

The SW Stash Box is a great way to cover exposed anchor bolts at the base of steel columns when using a surface mounted, fixed base plate. Galvanized, 2 piece, 16 gauge Stashboxes are secured with (4) #A12-14 Dril-Flex self-tapping, stainless steel screws by HILTI. All Stash Boxes are made to order and are an optional upgrade to any heavy gauge carport/solar structure. Also available in custom colors.

Features

- 16 Gauge Steel
- Custom Colors Available
- Weather Resistant
- Easy on the Eyes
- Simple to Install
